Burlington Women's & Men's Legwear Spring/Summer 2022

Summer Breeze - Let the sun shine

Thinking of a relaxed spring out in the countryside or a sunny day at the beach in summer, Burlington's Spring/Summer 2022 collection explores the collection theme *Summer Breeze*. Inspired by the British nature, the country lifestyle and the simple things in life that make you smile, the collection is characterised by the lightness of the warm season. The brand's typical British heritage adds a nostalgic flair to the two sub-themes *Simple Times* and *Summer Times*.

The feminine floral pattern of the semi-transparent **Burlington Tender Flower** socks conjures up a meadow of flowers directly on every woman's feet. Things get fruitier with the **Burlington Citrus** with a fresh and colourful all-over lemon motif.

For men, the **Burlington Porcelain**, inspired by English porcelain, presents itself with an elegant, floral 360° print. The paisley pattern of the **Burlington Paisley** sock, which is also typically British and contrasting in colour, is just as suitable for a summer picnic in the countryside.

The fine and transparent **Burlington Fine Argyle** with a subtle diamond pattern is a must-have for all fashionistas and can be perfectly combined with open-toed shoes.

The **Burlington Sheer Vichy** in a classic check look convinces not only with the combination of transparencies, but also with colours.

The funny all-over patterns of the **Burlington Corgi** and the **Burlington Cabriolet** will make all dog and car lovers shine. Cute corgis and summery cabriolets make the socks real eye-catchers.

The openwork structure of the light and airy **Burlington Ajour Rhomb** and the use of organic cotton and viscose let a fresh summer breeze blow around the ladies' feet.

For active summer days, Burlington offers socks with a sporty rib structure and typical diamond design for him and her - the **Burlington Active Rhomb** and the **Burlington Twisted Summer**.

The particularly soft and feminine **Burlington Cosy Rhomb** is the perfect companion for cosy summer evenings. The harmonious colour gradient of the **Burlington Natural Ombre Stripe** for men is reminiscent of a romantic sunset.
